(Docile/active/ dull/moderate/wild/anxious/
others, specify)
13. Basic behaviour of the breed
(Excited/aggressive/play full/bold/friendly/others, specify)
14. Barking (low pitch/medium pitch/high pitch)
15. Any other information specific to the breed

II. PHYSICAL CHARACTERS

- | | | |
|---|------|--------|
| 1. Body coat colour | Male | female |
| 2. Markings | | |
| 3. a. Hair length (Small/ medium/ long) | | |
| b. Coat type (Smooth/short/comboination/ double heavy/silky/long/curly/ wavy/fleecy/wiry/hairless | | |
| 4. Head | Male | female |
| a. Shape (Straight/trapezoid /wedge) | | |
| b. Size (Small/ medium/ large) | | |
| c. Fore head (Normal / prominent) | | |
| d. Nasal bridge (Straight/convex/concave) | | |
| e. Snout (Small/medium/long) | | |
| f. Muzzle colour | | |
| g. Nose colour | | |
| h. Nostrils (Pigmented/non-pigmented) | | |
| i. Jaw type (Strong/moderate/weak) | | |
| j. Teeth length (Small/medium/long) | | |
| 5. Eyes | | |
| a. Colour | | |
| b. Shape (Oval/round) | | |
| c. Size (Large/medium/small) | | |

6. Ears
 - a. Length (Short/medium/long)
 - b. Orientation (Horizontal/drooping)
 - c. Shape (Round/flat/tubular)
7. Body size (Small/ medium/large)
8. Top line (Straight/concave)
9. Chest (Broad/moderate/narrow)
10. Abdomen/belly (Tucked up/ round/complete)
11. Limbs
 - a. Type (Stumpy/short/proportionate/long)
 - b. Muscularity (Thin/low/moderate/high/other specify)
 - i) Fore limb
 - ii) Hind limb
12. Tail shape (Straight/semi-curved/curved/coiled)
13. Number of teats
14. Any other information

III. PERFORMANCE

1. Body weights (Kg)

| Parameter | Male | | | Female | | |
|----------------------------|---------|-------|---|---------|-------|---|
| | Average | Range | N | Average | Range | N |
| Birth weight | | | | | | |
| Weight at 2 months/weaning | | | | | | |
| Weight at 6 months | | | | | | |
| Weight at 12 months | | | | | | |
| Adult weight | | | | | | |

2. Body measurements (cm)

| Parameter | Male | | | Female | | |
|-----------------------|---------|-------|---|---------|-------|---|
| | Average | Range | N | Average | Range | N |
| Height at the withers | | | | | | |
| Body length | | | | | | |
| Chest girth | | | | | | |
| Length of forelimb | | | | | | |
| Tail length | | | | | | |

3. Reproduction

Average

Range

N

a. Male

- i) Age at puberty (months)
- ii) Age at first mating (months)

b. Female

- i) Age at first oestrus (months)
- ii) Oestrous cycle duration (months)
- iii) Oestrus duration (days)
- iv) Age at first mating (months)
- v) Age at first whelping (months)
- vi) Whelping interval (days)
- vii) Service period (days)
- viii) Litter size

4. Utility

- a. Utility performance (Excellent/very good/ good/normal/poor)
- b. Obedience (Very good/good/disobedience)
- c. Trainability (Easy/moderate/difficult)
- d. Behaviour with strangers (Politeness/attacking/barking)

5. Any other information specific to the breed
